

Double Z Computer is arguably the leading Australian owned EDI Solution Provider in Australia today. Having spent nearly 30 years in EDI, our knowledge and experience with Aust/NZ Retail, Pharma and Automotive Industries is unparalleled. Double Z has provided EDI solutions to thousands of clients in Australia and New Zealand and continues to deal with hundreds of Trading Partners around the globe.

Our aim is to ensure that the process of electronic trading is made with an easy and inexpensive solution producing maximum benefits. This means that any company, from Sole Trader to Enterprise business, can enjoy the benefits of our EDI Solutions.

We offer

- EDI and Communication Software (**EDIPlus**, **WEBPlus** & **AS2Plus**)
- Support for GS1 Standards: X12, EDIFACT, GS1XML, non-EDI incl .csv, xml, flat-files etc
- EDI Support for: MIG/TIG creation, Retailer Portal specialists, EDI Network provision etc
- Solutions for Retailers, Corporates & Manufacturers e.g., Best & Less, Target Australia, etc
- Solutions for Suppliers – we have various EDI solutions for any size Supplier

Electronic Trading – Document or Message types

Network Services

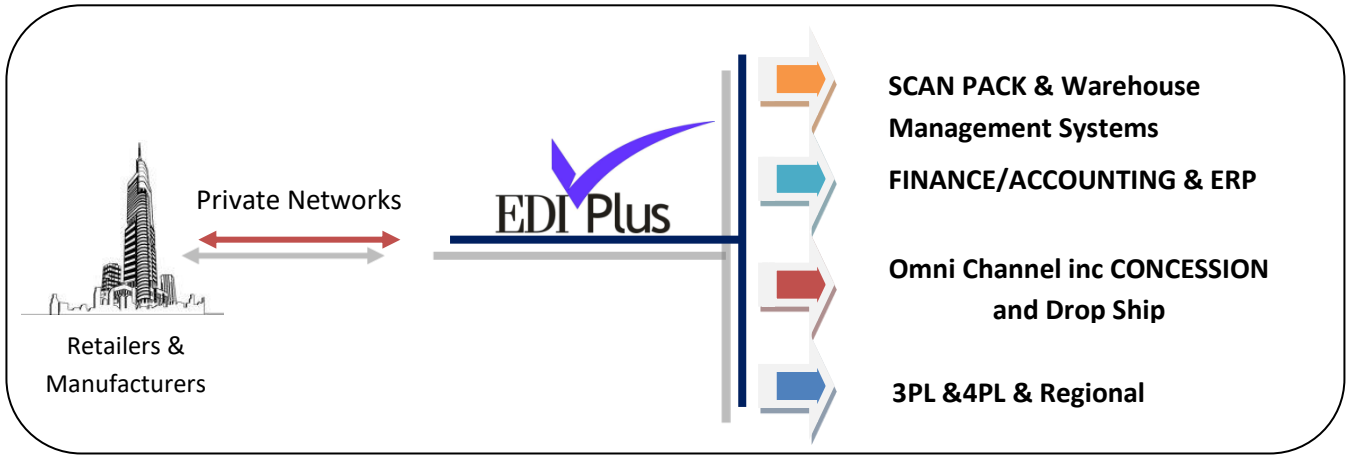

- Our EDI Solutions can connect to ANY retailer, manufacturer or 3PL in the EDI world. This provides great flexibility and keeps costs down
- We utilise our own extensive international network covering AU/NZ, Asia, EU and USA
ZEDPlus – *Our primary network to most retailers in AUS/NZ**
 and partner with the World's largest EDI International network
NETPlus – *A secondary network using the OPENTEXT network*

*includes use of interconnects with other AU & EU VANs
